

JONESCO

Commercial Vehicle Products

Manufacturing experts

Jonesco are the trusted brand for fire and safety suppliers across the globe.

Our story began in 1967 on Adelaide Street near Preston city centre in the UK. It is safe to say we have grown a bit since then.

Doing things better is why Jonesco exists. It is why we deliver the products you need, whenever and wherever you need them. Working Smarter. Not harder. Our rotationally moulded products can be found worldwide and our uncompromising commitment to quality means they are made to last.

Jonesco's headquarters are in Preston, Lancashire, UK with a subsidiary in Seclin, France. Our chain of distribution covers over 60 countries and spans every continent. We're truly global but we've not lost our family touch.

HighGard

The HighGard range of mudguards feature a unique patterned textured finish that minimises surface scratches and a light silver edge to improve visibility. HighGard is made from extruded high density polyethylene offering superior performance and high impact resistance. Available in [single arch and sections](#).

J-Wing

The J-Wing is our original range of rotationally moulded mudguards, featuring a gloss finish. Available in [flat tops](#), [small trailer](#) and [spats](#).

XGard

The XGard range of mudguards feature a matt textured finish and a ribbed design for added strength. Available in [single arch](#), [flat tops](#), [tandems](#) and [small trailer](#).

Fixing systems

A range of fixing systems for securing your Jonesco mudguards to commercial vehicles. Jonesco's metal [stays](#) are the perfect match for our plastic [adjustable](#) and [top clamp](#) fixings.

Mudflaps

Spray suppression made easy with our range of [anti-spray](#) and [plain mudflaps](#).

Jonesco [anti-spray](#) mudflaps and [side valances](#) are great for providing additional spray protection and improving visibility for other road users. EC type approval number: [e6*2021/535/VIII*2021/535*00001*00](#).

Jonesco [plain](#) mudflaps can be trimmed to your exact required width.

Onboard storage

Jonesco's market leading range of strong and durable toolboxes.

Featuring a recessed lid and automotive grade rubber seals to minimise water ingress.
Ergonomic flip handles for quick and easy access and secured with key operated locks.

Sharper, smarter and in full colour. Add some style with our next generation UV logo printing service.

Onboard containment

The unique design of [AwayWash](#) collects the washout water from the chute and separates the coarse material from the water. The alkaline washout water is taken away for recycling or to an appropriate disposal point and the retained aggregate can be reused or recycled.

Available in two sizes to suit many concrete mixer configurations.

Document holders

A range of document holders ideal for external fitment to commercial vehicles and other industrial applications, such as containers, forklift trucks and agricultural equipment.

Easy to fit and suitable for both indoor and outdoor use. Lightweight, fully recyclable, and available in [cylindrical](#) or [square](#) designs.

Fire and Safety boxes

Jonesco offer a comprehensive range of front and top loading storage solutions for fire extinguishers and other safety equipment. All of our boxes are highly durable, easily accessible and of premium quality.

Lend us half an hour of your time
and we'll give you 50 years of ours.
